

UNITED STATES DEPARTMENT OF COMMERCE  
National Oceanic and Atmospheric Administration  
NATIONAL MARINE FISHERIES SERVICE

## FEDERAL FISHERIES PERMIT

1. PERMITTEE

Pacific Lumber Company  
Scotia Pacific Company, LLC  
Salmon Creek Corporation  
125 Main Street  
P.O. Box 37  
Scotia, California 95565

2. AUTHORITY-STATUTES

16 U.S.C. 1539(a)

REGULATIONS (attached)

50 CFR 217  
50 CFR 220  
50 CFR 222.22

3. PERMIT NUMBER

1157

4. EFFECTIVE

March 1, 1999

5. EXPIRES

February 28, 2049

6. NAME AND TITLE OF PRINCIPLE OFFICER

John Campbell, President, CEO

Permit Conditions for No. 1157, cont'd:

7. TYPE OF PERMIT

Endangered / Threatened Species - Incidental Take, Section 10(a)

8. LOCATION WHERE AUTHORIZED ACTIVITY MAY BE CONDUCTED

The Covered Lands are within Humboldt County, California, as specified in the Habitat Conservation Plan (HCP).

9. CONDITIONS AND AUTHORIZATIONS

- A. General conditions set out in subpart D of 50 CFR 220, and specific conditions in Federal Regulations cited in Block #2 above, are hereby made a part of this permit. All activities authorized herein must be carried out in accordance with and for the purposes described in the application submitted. Continued validity or renewal of this permit is subject to complete and timely compliance with all applicable conditions, including the filing of all required information and reports.
- B. The validity of this permit is also conditioned upon strict observance of all applicable foreign, state, local, or other federal law.
- C. Valid for use by permittee named above.
- D. All sections of Title 50 *Code of Federal Regulations*, parts 217, 220, 222 are conditions of this permit (copies attached).
- E. The authorization granted by this permit is subject to full compliance with, and implementation of, the HCP, and executed Implementation Agreement all of which are hereby incorporated into this permit.
- F. The permittee and agents designated by the permittee are authorized to take four species on the attached "List of Covered Species Subject to Incidental Take" to the extent that take of these species would otherwise be prohibited under Section 9 of the Endangered Species Act of 1973, as amended (Act), and its implementing regulations. For each Covered Species Subject to Incidental Take which is not listed as threatened or endangered under the Act, the section 10(a) permit will become effective with respect to such species concurrent with the listing of the species as threatened or endangered under the Act, to the extent that their take is prohibited by the Act. Take must be incidental to otherwise lawful activities associated with timber management as described in the HCP, and as conditioned

Permit Conditions for No. 1157, cont'd:

herein. The amount and nature of the take (e.g. harass, or harm) is described in the HCP for each species.

G. With regard to monitoring and enforcement:

1. The permittee must assure that National Marine Fisheries Service (NMFS) personnel are given appropriate access (as defined under 50 CFR 220.47) and as provided in section 3.4 of the Implementation Agreement to monitor the Covered Species Subject to Incidental Take within the HCP Covered Lands, for the life of the permit.
2. The permittee must assure that the NMFS' Northern California Area Office, 777 Sonoma Avenue, Room 325, Santa Rosa, California 95404-6515, phone (707) 575-6050 is contacted immediately regarding any violations or potential violations of the Federal Endangered Species Act.

10. REPORTING REQUIREMENTS

- A. An annual report will be prepared as described in the HCP and Implementation Agreement and submitted to the NMFS by February 1 of each year that the permit is in effect, beginning in 2000. One copy shall be submitted to the NMFS, Northern California Area Office, Protected Resources Manager in Santa Rosa and one copy to the Assistant Regional Administrator for Protected Resources, NMFS, 501 West Ocean Boulevard, Suite 4200, Long Beach, California 90802-4213.
- B. A copy of this permit must be in possession of the permittee and designated agents while conducting taking activities. Please refer to the permit number (1157) in all correspondence and reports concerning permit activities. Any questions you may have about this permit should be directed to the NMFS, Northern California Area Office, Protected Resources Manager in Santa Rosa, California.

## National Marine Fisheries Service/NOAA, Commerce

## § 217.1

taking and a description of any measures that will be taken in the following year to prevent exceeding the authorized incidental take level.

(5) Results of any population assessment studies made on marine mammals in the Outer Sea Test Range during the previous year.

### § 216.156 Renewal of Letter of Authorization.

(a) A Letter of Authorization issued under § 216.106 for the activity identified in § 216.151(a) will be renewed annually upon:

(1) Timely receipt of the reports required under § 216.155(f) and (g), which have been reviewed by the Assistant Administrator for Fisheries, NOAA, and determined to be acceptable;

(2) A determination that the maximum incidental take authorizations in § 216.151(b) will not be exceeded; and

(3) A determination that the mitigation measures required under § 216.153(b) and the Letter of Authorization have been undertaken.

(b) If a species' annual authorization is exceeded, the National Marine Fisheries Service will review the documentation submitted with the annual report required under § 216.155(g), to determine that the taking is not having more than a negligible impact on the species or stock involved.

(c) Notice of issuance of a renewal of the Letter of Authorization will be published in the FEDERAL REGISTER.

[59 FR 5126, Feb. 3, 1994. Redesignated and amended at 61 FR 15887, 15890-15891, Apr. 10, 1996]

### § 216.157 Modifications to Letter of Authorization.

(a) In addition to complying with the provisions of § 216.106, except as provided in paragraph (b) of this section, no substantive modification, including withdrawal or suspension, to the Letter of Authorization issued pursuant to § 216.106 and subject to the provisions of this subpart shall be made until after notice and an opportunity for public comment. For purposes of this paragraph, renewal of a Letter of Authorization under § 216.146, without modi-

fication, is not considered a substantive modification.

(b) If the National Marine Fisheries Service determines that an emergency exists that poses a significant risk to the well-being of the species or stocks of marine mammals specified in § 216.151, or that significantly and detrimentally alters the scheduling of explosives detonation within the area specified in § 216.151, the Letter of Authorization issued pursuant to § 216.106, or renewed pursuant to this section may be substantively modified without prior notice and an opportunity for public comment. A notice will be published in the FEDERAL REGISTER subsequent to the action.

[59 FR 5126, Feb. 3, 1994. Redesignated and amended at 61 FR 15887, 15891, Apr. 10, 1996]

## Subparts O-Q [Reserved]

## PART 217—GENERAL PROVISIONS

### Subpart A—Introduction

#### Sec.

217.1 Purpose of regulations.

217.2 Scope of regulations.

217.3 Other applicable laws.

217.4 When regulations apply.

### Subpart B—Definitions

217.12 Definitions.

### Subpart C—Addresses

217.21 Assistant Administrator.

217.22 Office of Marine Mammals and Endangered Species.

217.23 Enforcement Division.

AUTHORITY: 16 U.S.C. 742a *et seq.*, 1361 *et seq.*, and 1531-1544, unless otherwise noted.

## Subpart A—Introduction

### § 217.1 Purpose of regulations.

The regulations of parts 216 through 227 are promulgated to implement the following statutes enforced by the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, which regulate the taking, possession, transportation, sale, purchase,

## §217.2

barter, exportation, and importation of wildlife.

(Endangered Species Act of 1973, section 11(f), 87 Stat. 884, Pub. L. 93-205; Fish and Wildlife Act of 1956, 16 U.S.C. 742a-1)

[39 FR 41370, Nov. 27, 1974, as amended at 52 FR 24250, June 29, 1987]

### §217.2 Scope of regulations.

The various provisions of parts 216 through 227 of this chapter are inter-related, and particular note should be taken that the parts must be construed with reference to each other. The regulations in parts 216 through 227 apply only for fish or wildlife under the jurisdictional responsibilities of the Secretary of Commerce for the purpose of carrying out the Endangered Species Act of 1973 (see part 222, §222.23(a)). Endangered species of fish or wildlife other than those covered by these regulations are under the jurisdiction of the Secretary of the Interior. For rules and procedures relating to such species, see 50 CFR parts 10 through 17.

[39 FR 41370, Nov. 27, 1974, as amended at 52 FR 24250, June 29, 1987]

### §217.3 Other applicable laws.

No statute or regulation of any State shall be construed to relieve a person from the restrictions, conditions, and requirements contained in parts 216 through 227 of this chapter. In addition, nothing in parts 216 through 227 of this chapter, nor any permit issued under parts 217 through 228 of this chapter, shall be construed to relieve a person from any other requirements imposed by a statute or regulation of any State or of the United States, including any applicable health, quarantine, agricultural, or customs laws or regulations, or other National Marine Fisheries Service enforced statutes or regulations.

[39 FR 41370, Nov. 27, 1974, as amended at 52 FR 24250, June 29, 1987]

### §217.4 When regulations apply.

The regulations of parts 216 through 227 of this chapter shall apply to all matters, including the processing of permits, arising after the effective date of such regulations, with the following exception:

## 50 CFR Ch. II (10-1-98 Edition)

(a) *Civil penalty proceedings.* Except as otherwise provided in §218.25, the civil penalty assessment procedures contained in parts 216 through 227 of this chapter shall apply only to any proceeding instituted by notice of violation dated subsequent to the effective date of these regulations, regardless of when the act or omission which is the basis of a civil penalty proceeding occurred.

(b) [Reserved]

[39 FR 41370, Nov. 27, 1974, as amended at 52 FR 24250, June 29, 1987]

## Subpart B—Definitions

### §217.12 Definitions.

*Accelerator funnel* means a device used to accelerate the flow of water through a shrimp trawl net.

*Act* means the Endangered Species Act of 1973, as amended (Pub. L. 93-205).

*Approved TED* means:

(1) A hard TED that complies with the generic design criteria set forth in 50 CFR 227.72(e)(4)(i). (A hard TED may be modified as specifically authorized by 50 CFR 227.72(e)(4)(iv)); or

(2) A soft TED that complies with the provisions of 50 CFR 227.72(e)(4)(iii); or

(3) A special hard TED which complies with the provisions of 50 CFR 227.72(e)(4)(ii).

*Assistant Administrator* means the Assistant Administrator for Fisheries of the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, or his authorized representative.

*Atlantic Area* means all waters of the Atlantic Ocean south of 36°33'00.8" N. latitude (the line of the North Carolina/Virginia border) and adjacent seas, other than waters of the Gulf Area, and all waters shoreward thereof (including ports).

*Atlantic Shrimp Fishery-Sea Turtle Conservation Area (Atlantic SFSTCA)* means the inshore and offshore waters extending to 10 nautical miles (18.5 km) offshore along the coast of the States of Georgia and South Carolina from the Georgia-Florida border (defined as the line along 30°42'45.6" N. lat.) to the North Carolina-South Carolina border

(defined as the line extending in a direction of 135°34'55" from true north from the North Carolina-South Carolina land boundary, as marked by the border station on Bird Island at 33° 51'07.9" N. lat., 078°32'32.6" W. long.).

*Authorized officer* means:

(1) Any commissioned, warrant, or petty officer of the U.S. Coast Guard;

(2) Any special agent or enforcement officer of the National Marine Fisheries Service;

(3) Any officer designated by the head of a Federal or state agency that has entered into an agreement with the Secretary or the Commandant of the Coast Guard to enforce the provisions of the Act; or

(4) Any Coast Guard personnel accompanying and acting under the direction of any person described in paragraph (1) of this definition.

*Bait shrimp* means a shrimp trawler that fishes for and retains its shrimp catch alive for the purpose of selling it for use as bait.

*Commercial activity* means all activities of industry and trade, including, but not limited to, the buying or selling of commodities and activities conducted for the purpose of facilitating such buying and selling: *Provided, however*, That it does not include the exhibition of commodities by museums or similar cultural or historical organizations.

*Country of exportation* means the last country from which the animal was exported before importation into the United States.

*Country of origin* means the country where the animal was taken from the wild, or the country of natal origin of the animal.

*Fish or wildlife* means any member of the animal kingdom, including without limitation any mammal, fish, bird (including any migratory, nonmigratory, or endangered bird for which protection is also afforded by treaty or other international agreement), amphibian, reptile, mollusk, crustacean, arthropod or other invertebrate, and includes any part, product, egg, or offspring thereof, or the dead body or parts thereof.

*Fishing, or to fish*, means:

(1) The catching taking or harvesting of fish or wildlife;

(2) The attempted catching, taking, or harvesting of fish or wildlife;

(3) Any other activity that can reasonably be expected to result in the catching, taking, or harvesting of fish or wildlife; or

(4) Any operations on any waters in support of, or in preparation for, any activity described in paragraphs (1) through (3) of this definition.

*Footrope* means a weighted rope or cable attached to the lower lip (bottom edge) of the mouth of a trawl net along the forwardmost webbing.

*Footrope length* means the distance between the points at which the ends of the footrope are attached to the trawl net, measured along the forwardmost webbing.

*Foreign commerce* includes, among other things, any transaction (1) between persons within one foreign country, or (2) between persons in two or more foreign countries, or (3) between a person within the United States and a person in one or more foreign countries, or (4) between persons within the United States, where the fish or wildlife in question are moving in any country or countries outside the United States.

*Four-seam, straight-wing trawl* means a design of shrimp trawl in which the main body of the trawl is formed from a top panel, a bottom panel, and two side panels of webbing. The upper and lower edges of the side panels of webbing are parallel over the entire length.

*Four-seam, tapered-wing trawl* means a design of shrimp trawl in which the main body of the trawl is formed from a top panel, a bottom panel, and two side panels of webbing. The upper and lower edges of the side panels of webbing converge toward the rear of the trawl.

*Gulf Area* means all waters of the Gulf of Mexico west of 81° W. longitude (the line at which the Gulf Area meets the Atlantic Area) and all waters shoreward thereof (including ports).

*Gulf Shrimp Fishery-Sea Turtle Conservation Area (Gulf SFSTCA)* means the offshore waters extending to 10 nautical miles (18.5 km) offshore along the coast of the States of Texas and Louisiana from the South Pass of the Mississippi River (west of 89°08.5' W. long.) to the U.S.-Mexican border.

*Hard TED* means a rigid deflector grid and associated hardware designed to be installed in a trawl net forward of the codend for the purpose of excluding sea turtles from the net.

*Headrope* means a rope that is attached to the upper lip (top edge) of the mouth of a trawl net along the forwardmost webbing.

*Headrope length* means the distance between the points at which the ends of the headrope are attached to the trawl net, measured along the forwardmost webbing.

*Import* means to land on, bring into, or introduce into, or attempt to land on, bring into, or introduce into any place subject to the jurisdiction of the United States, whether or not such landing, bringing, or introduction constitutes an importation within the meaning of the tariff laws of the United States.

*Inshore* means marine and tidal waters landward of the 72 COLREGS demarcation line (International Regulations for Preventing Collisions at Sea, 1972), as depicted or noted on nautical charts published by the National Oceanic and Atmospheric Administration (Coast Charts, 1:80,000 scale) and as described in 33 CFR part 80.

*Leatherback conservation zone* means all inshore and offshore waters bounded on the south by a line along 28°24.6' N. lat. (Cape Canaveral, FL), and bounded on the north by a line along 36°30.5' N. lat. (North Carolina-Virginia border).

*Length* in reference to a shrimp trawler, means the distance from the tip of the vessel's bow to the tip of its stern.

*North Carolina restricted area* means that portion of the offshore waters bounded on the north by a line along 34°17.6' N. latitude (Rich Inlet, North Carolina) and 34°35.7' N. latitude (Browns Inlet, North Carolina) to a distance of 1 nautical mile seaward of the 72 COLREGS demarcation line (International Regulations for Preventing Collisions at Sea, 1972).

*Offshore* means marine and tidal waters seaward of the 72 COLREGS demarcation line (International Regulations for Preventing Collisions at Sea, 1972), as depicted or noted on nautical charts published by the National Oceanic and Atmospheric Administration

(Coast Charts, 1:80,000 scale) and as described in 33 CFR part 80.

*Permit* or "*Certificate of exemption*" means any document so designated by the National Marine Fisheries Service and signed by an authorized official of the National Marine Fisheries Service, including any document which modifies, amends, extends or renews any permit or certificate of exemption.

*Person* means an individual, corporation, partnership, trust, association, or any other private entity, or any officer, employee, agent, department, or instrumentality of the Federal Government, of any State or political subdivision thereof, or of any foreign government.

*Possession* means the detention and control, or the manual or ideal custody of anything which may be the subject of property, for one's use and enjoyment, either as owner or as the proprietor of a qualified right in it, and either held personally or by another who exercises it in one's place and name. Possession includes the act or state of possessing and that condition of facts under which one can exercise his power over a corporeal thing at his pleasure to the exclusion of all other persons. Possession includes constructive possession which means not actual but assumed to exist, where one claims to hold by virtue of some title, without having actual custody.

*Pre-Act endangered species part* means any sperm whale oil, including derivatives and products thereof, which was lawfully held within the United States on December 28, 1973 in the course of a commercial activity; or any finished scrimshaw product, if such product or the raw material for such product was lawfully held within the United States on December 28, 1973, in the course of a commercial activity.

*Pusher-head trawl (chopsticks)* means a trawl that is spread by poles suspended in a "V" configuration from the bow of the trawler.

*Right whale*, as used in subpart D of this part, means any whale that is a member of the western North Atlantic population of the northern right whale species (*Eubalaena glacialis*).

*Scrimshaw product* means any art form which involves the substantial etching or engraving of designs upon,

or the substantial carving of figures, patterns, or designs from any bone or tooth of any marine mammal of the order Cetacea. For purposes of this part, polishing or the adding of minor superficial markings does not constitute substantial etching, engraving or carving.

*Secretary* means the Secretary of Commerce or his authorized representative.

*Shrimp* means any species of marine shrimp (Order Crustacea) found in the Atlantic Area or the Gulf Area, including, but not limited to:

- (1) Brown shrimp (*Penaeus aztecus*);
- (2) White shrimp (*P. setiferus*);
- (3) Pink shrimp (*P. duorarum*);
- (4) Rock shrimp (*Sicyonia brevirostris*);
- (5) Royal red shrimp (*Hymenopenaeus robustus*); and
- (6) Seabob shrimp (*Xiphopenaeus kroyeri*).

*Shrimp trawler* means any vessel that is equipped with one or more trawl nets and that is capable of, or used for, fishing for shrimp, or whose on-board or landed catch of shrimp is more than 1 percent, by weight, of all fish comprising its on-board or landed catch.

*Skimmer trawl* means a trawl that extends from the outrigger of a vessel with a cable and a lead weight holding the trawl mouth open.

*Soft TED* means a panel of polypropylene or polyethylene netting designed to be installed in a trawl net forward of the codend for the purpose of excluding sea turtles from the net.

*State* means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, the Virgin Islands, Guam, and the Trust Territory of the Pacific Islands.

*Stretched mesh size* means the distance between the centers of the two opposite knots in the same mesh when pulled taut.

*Summer flounder* means the species *Paralichthys dentatus*.

*Summer flounder fishery-sea turtle protection area* means:

- (1) All offshore waters, bounded on the north by a line along 37°05' N. latitude (Cape Charles, VA) and bounded on the south by a line along 33°35' N. latitude (North Carolina-South Caro-

lina border), except as provided in paragraph (2) of this definition.

(2) [Reserved]

*Summer flounder trawler* means any vessel that is equipped with one or more bottom trawl nets, and that is capable of, or used for, fishing for flounder, or whose on-board or landed catch of flounder is more than 100 pounds (45.4 kg).

*Take* means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or attempt to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect.

*Taper*, in reference to the webbing used in trawls, means the angle of a cut used to shape the webbing, expressed as the ratio between the cuts that reduce the width of the webbing by cutting into the panel of webbing through one row of twine (bar cuts) and the cuts that extend the length of the panel of webbing by cutting straight aft through two adjoining rows of twine (point cuts). For example, sequentially cutting through the lengths of twine on opposite sides of a mesh, leaving an uncut edge of twines all lying in the same line, produces a relatively strong taper called "all-bars"; making a sequence of 4-bar cuts followed by 1-point cut produces a more gradual taper called "4 bars to 1 point" or "4b1p"; similarly, making a sequence of 2-bar cuts followed by 1-point cut produces a still more gradual taper called "2b1p"; and making a sequence of cuts straight aft does not reduce the width of the panel and is called a "straight" or "all-points" cut.

*Taut* means a condition in which there is no slack in the net webbing.

*TED (turtle excluder device)* means a device designed to be installed in a trawl net forward of the codend for the purpose of excluding sea turtles from the net.

*Test net, or try net*, means a net pulled for brief periods of time just before, or during, deployment of the primary net(s) in order to test for shrimp concentrations or determine fishing conditions (e.g., presence or absence of bottom debris, jellyfish, bycatch, sea-grasses, etc.).

*Tongue* means any piece of webbing along the top, center, leading edge of a trawl, whether lying behind or ahead of

## § 217.21

the headrope, to which a towing bridle can be attached for purposes of pulling the trawl net and/or adjusting the shape of the trawl.

*Transportation* means to ship, convey, carry or transport by any means whatever, and deliver or receive for such shipment, conveyance, carriage, or transportation.

*Triple-wing trawl* means a trawl with a tongue on the top, center, leading edge of the trawl and an additional tongue along the bottom, center, leading edge of the trawl.

*Two-seam trawl* means a design of shrimp trawl in which the main body of the trawl is formed from a top panel and a bottom panel of webbing that are directly attached to each other down the sides of the trawl.

*Underway*, with respect to a vessel, means that the vessel is not at anchor, or made fast to the shore, or aground.

*United States* means the several States of the United States of America, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, the Virgin Islands, Guam, and the Trust Territory of the Pacific Islands.

*Vessel* includes every description of watercraft, including nondisplacement craft and seaplanes, used or capable of being used as a means of transportation on water.

*Vessel restricted in her ability to maneuver* has the meaning specified for this term at 33 U.S.C. 2003(g).

*Whoever* means the same as person.

*Wildlife* means the same as fish or wildlife.

*Wing net (butterfly trawl)* means a trawl with a rigid frame, rather than trawl door, holding the trawl mouth open.

(Sec. 3(d), Fish and Wildlife Act of 1956, as amended, 88 Stat. 92 (16 U.S.C. 742b); sec. 11(f), Endangered Species Act of 1973, Pub. L. 93-205, 87 Stat. 884 (16 U.S.C. 1540))

## PART 220—GENERAL PERMIT PROCEDURES

### Subpart A—Introduction

#### Sec.

- 220.1 General.
- 220.2 Purpose of regulations.
- 220.3 Scope of regulations.
- 220.4 Emergency variation from requirements.

### Subpart B—Application for Permits

- 220.11 Procedure for obtaining a permit.
- 220.12 [Reserved]
- 220.13 Abandoned application.

### Subpart C—Permit Administration

- 220.21 Issuance of permits.
- 220.22 Duration of permit.
- 220.23 [Reserved]
- 220.24 Renewal of permit.
- 220.25 Permits not transferable; agents.
- 220.26 Right of succession by certain persons.
- 220.27 Change of mailing address.
- 220.28 Change in name.
- 220.29-220.30 [Reserved]
- 220.31 Discontinuance of activity.

**Subpart D—Conditions**

- 220.42 Permits are specific.
- 220.43 Alteration of permits.
- 220.44 Display of permit.
- 220.45 Filing of reports.
- 220.46 Maintenance of records.
- 220.47 Inspection requirement.

**Subpart E—Permits Involving Endangered or Threatened Sea Turtles**

- 220.50 Purpose.
- 220.51 Permit applications.
- 220.52 Issuance of permits.
- 220.53 Other requirements.

**AUTHORITY:** Endangered Species Act of 1973, sec. 11(f), 87 Stat. 884, Pub. L. 93-205; act of August 31, 1951, Ch. 376, Title 5, sec. 501, 65 Stat. 290 (31 U.S.C. 483a).

**SOURCE:** 39 FR 41373, Nov. 27, 1974, unless otherwise noted.

**Subpart A—Introduction****§ 220.1 General.**

Each person intending to engage in an activity for which a permit is required by parts 217 through 222 of this chapter or the Endangered Species Act of 1973 shall, before commencing such activity, obtain a valid permit authorizing such activity. Each person who desires to obtain the permit privileges authorized by parts 217 through 222 of this chapter must make application for such permit in accordance with the requirements of this part 220 of this chapter and the other regulations in parts 217 through 222 of this chapter which set forth the additional requirements for the specific permits desired. If the activity for which permission is sought is covered by the requirements of more than one part of parts 217 through 222 of this chapter, the requirements of each part must be met. If the information required for each specific permitted activity is included, one application may be accepted for all permits required, and a single permit may be issued.

**§ 220.2 Purpose of regulations.**

The regulations contained in this part will provide uniform rules and procedures for application, issuance, renewal, conditions, and general administration of permits issuable pursuant to parts 217 through 222 of this chapter.

**§ 220.3 Scope of regulations.**

The provisions in this part are in addition to, and are not in lieu of, other permit regulations of parts 217 through 222 of this chapter and apply to all permits issued thereunder, including "Endangered Fish or Wildlife" (part 222).

**§ 220.4 Emergency variation from requirements.**

The Director may approve variations from the requirements of this part when he finds that an emergency exists and that the proposed variations will not hinder effective administration of parts 217 through 222 of this chapter, and will not be unlawful.

**Subpart B—Application for Permits****§ 220.11 Procedure for obtaining a permit.**

The following general procedures apply to applications for permits:

(a) *Forms.* Applications must be submitted by letter containing all necessary information, attachments, certification, and signature. In no case will oral or telephone applications be accepted.

(b) *Forwarding instructions.* Applications must be submitted to the Director, National Marine Fisheries Service. The address is listed in § 217.21.

(c) *Time requirement.* Applications must be received by the appropriate official of the National Marine Fisheries Service at least 90 calendar days prior to the date on which the applicant desires to have the permit made effective. The National Marine Fisheries Service will, in all cases, attempt to process applications deemed sufficient in the shortest possible time. The National Marine Fisheries Service does not, however, guarantee 90 days issuance after publication in the FEDERAL REGISTER of receipt of a permit application and some permits cannot be issued within that time period.

**§ 220.12 [Reserved]****§ 220.13 Abandoned application.**

Upon receipt of an insufficiently or improperly executed application, the

## **§ 220.21**

applicant shall be notified of the deficiency in the application. If the applicant fails to supply the deficient information or otherwise fails to correct the deficiency within 60 days following the date of notification, the application shall be considered abandoned.

### **Subpart C—Permit Administration**

#### **§ 220.21 Issuance of permits.**

(a) No permit may be issued prior to the receipt of a written application therefor, unless a written variation from the requirements, as authorized by § 220.4 is inserted into the official file of the National Marine Fisheries Service. Any representation of an employee or agent of the United States Government shall not be construed as a permit unless it meets the requirements of a permit as defined in 50 CFR 217.12.

(b) The Director shall issue the appropriate permit unless—

(1) Denial of a permit has been made pursuant to subpart D of 15 CFR part 904;

(2) The applicant has failed to disclose material information required, or has made false statements as to any material fact, in connection with his application;

(3) The applicant has failed to demonstrate a valid justification for the permit or a showing of responsibility;

(4) The authorization requested potentially threatens a wildlife population, or

(5) The Director finds through further inquiry or investigation, or otherwise, that the applicant is not qualified.

(c) Each permit shall bear a serial number. Such number may be reassigned to the permittee to whom issued so long as he maintains continuity of renewal.

(d) The applicant shall be notified in writing of the denial of any permit request, and the reasons therefor. If authorized in the notice of denial, the applicant may submit further information, or reasons why the permit should not be denied. Such further submissions shall not be considered a new application. The final action by the Director shall be considered the final ad-

## **50 CFR Ch. II (10-1-98 Edition)**

ministrative decision of the Department.

[39 FR 41373, Nov. 27, 1974, as amended at 49 FR 1042, Jan. 6, 1984]

#### **§ 220.22 Duration of permit.**

Permits shall entitle the person to whom issued to engage in the activity specified in the permit, within the limitations of the applicable statute and regulations contained in parts 217 through 222 of this chapter for the period stated on the permit, unless sooner modified, suspended, or revoked pursuant to subpart D of 15 CFR part 904.

[49 FR 1042, Jan. 6, 1984]

#### **§ 220.23 [Reserved]**

#### **§ 220.24 Renewal of permit.**

Where the permit is renewable and a permittee intends to continue the activity described in the permit during any portion of the year ensuing its expiration, he shall, unless otherwise notified in writing by the Director, file a request for permit renewal, together with a certified statement that the information in his original application is still currently correct, or a statement of all changes in the original application, accompanied by any required fee at least 30 days prior to the expiration of his permit. Any person holding a valid renewable permit, who has complied with the foregoing provision of this section, may continue such activities as were authorized by his expired permit until his renewal application is acted upon.

#### **§ 220.25 Permits not transferable; agents.**

(a) Permits issued under parts 220 through 222 are not transferable or assignable. Some permits authorize certain activities in connection with a business or commercial enterprise and in the event of any lease, sale, or transfer of such business entity, the successor must obtain a permit prior to continuing the permitted activity. However, certain limited rights of succession are provided in § 220.26.

(b) Except as otherwise stated on the face of a permit, any person who is under the direct control of the permittee, or who is employed by or under

contract to the permittee for the purposes authorized by the permit, may carry out the activity authorized by the permit.

**§ 220.26 Right of succession by certain persons.**

(a) Certain persons, other than the permittee, are granted the right to carry on a permitted activity for the remainder of the term of a current permit provided they comply with the provisions of paragraph (b) of this section. Such persons are the following:

(1) The surviving spouse, child, executor, administrator, or other legal representative of a deceased permittee; and

(2) A receiver or trustee in bankruptcy or a court designated assignee for the benefit of creditors.

(b) In order to secure the right provided in this section, the person or persons desiring to continue the activity shall furnish the permit to the issuing officer for endorsement within 90 days from the date the successor begins to carry on the activity.

**§ 220.27 Change of mailing address.**

During the term of his permit, a permittee may change his mailing address without procuring a new permit. However, in every case notification of the new mailing address must be forwarded to the issuing official within 30 days after such change. This section does not authorize the change of location of the permitted activity for which an amendment must be obtained.

**§ 220.28 Change in name.**

A permittee continuing to conduct a permitted activity is not required to obtain a new permit by reason of a mere change in trade name under which a business is conducted or a change of name by reason of marriage or legal decree: *Provided*, That such permittee must furnish his permit to the issuing official for endorsement within 30 days from the date the permittee begins conducting the permitted activity under the new name.

**§§ 220.29-220.30 [Reserved]**

**§ 220.31 Discontinuance of activity.**

When any permittee discontinues his activity, he shall, within 30 days thereof, mail his permit and a request for cancellation to the issuing officer, and said permit shall be deemed void upon receipt. No refund of any part of an amount paid as a permit fee shall be made where the operations of the permittee are, for any reason, discontinued during the tenure of an issued permit.

**Subpart D—Conditions**

**§ 220.42 Permits are specific.**

The authorizations on the face of a permit which set forth specific times, dates, places, methods of taking, numbers and kinds of fish or wildlife, location of activity, authorize certain circumscribed transactions, or otherwise permit a specifically limited matter, are to be strictly construed and shall not be interpreted to permit similar or related matters outside the scope of strict construction.

**§ 220.43 Alteration of permits.**

Permits shall not be altered, erased, or mutilated, and any permit which has been altered, erased, or mutilated shall immediately become invalid.

**§ 220.44 Display of permit.**

Any permit issued under parts 220 through 222 shall be displayed for inspection upon request to the Director or his agent, or to any other person relying upon its existence.

**§ 220.45 Filing of reports.**

Permittees may be required to file reports of the activities conducted under the permit. Any such reports shall be filed not later than March 31 for the preceding calendar year ending December 31, or any portion thereof, during which a permit was in force, unless the regulations of parts 217 through 222 of this chapter or the provisions of the permit set forth other reporting requirements.

## § 220.46

### § 220.46 Maintenance of records.

From the date of issuance of the permit, the permittee shall maintain complete and accurate records of any taking, possession, transportation, sale, purchase, barter, exportation, or importation of fish or wildlife pursuant to such permit. Such records shall be kept current and shall include names and addresses of persons with whom any fish or wildlife has been purchased, sold, bartered, or otherwise transferred, and the date of such transaction, and such other information as may be required or appropriate. Such records, unless otherwise specified, shall be entered in books, legibly written in the English language. Such records shall be retained for 5 years from the date of issuance of the permit.

### § 220.47 Inspection requirement.

Any person holding a permit under parts 217 through 222 of this chapter shall allow the Director's agent to enter his premises at any reasonable hour to inspect any fish or wildlife held or to inspect, audit, or copy any permits, books, or records required to be kept by regulations of parts 217 through 222 of this chapter or by the Endangered Species Act of 1973.

## Subpart E—Permits Involving Endangered or Threatened Sea Turtles

SOURCE: 43 FR 32809, July 28, 1978, unless otherwise noted.

### § 220.50 Purpose.

This subpart establishes procedures for issuance of permits for scientific purposes or to enhance the propagation or survival of "endangered" or "threatened" sea turtles and zoological exhibition or educational purposes for "threatened" sea turtles.

### § 220.51 Permit applications.

Applications for permits to take, import, export or engage in any other prohibited activity involving any species of sea turtle listed in 50 CFR 17.11 shall be submitted to the Wildlife Permit Office (WPO) of the U.S. Fish and Wildlife Service in accordance with either, 50 CFR 17.22(a) (Endangered Spe-

## 50 CFR Ch. II (10-1-98 Edition)

cies) or 50 CFR 17.32(a) (Threatened Species) as appropriate. Applications involving activities under the jurisdiction of the National Marine Fisheries Service (NMFS) as defined in 50 CFR 222.23(a) and 50 CFR 227.4 shall be forwarded by the WPO to NMFS.

### § 220.52 Issuance of permits.

(a) Applications under the jurisdiction of the WPO shall be reviewed and acted upon in accordance with 50 CFR 17.22 or 50 CFR 17.32 as appropriate.

(b) NMFS shall make a complete review of applications forwarded to it by the WPO in accordance with § 220.51 and determine the appropriate action to be taken in accordance with 50 CFR 220.21(b) and 222.23(c). In instances where the application involves activities solely within NMFS jurisdiction, NMFS shall issue permits or letters of denial and provide WPO with copies of its actions.

(c) Where a permit application involves activities under both NMFS and FWS jurisdiction, each agency will process the application for activities under its jurisdiction. WPO will issue either a permit or a letter of denial.

(d) Where a permit application for activities under NMFS jurisdiction also requires a permit under the Convention on International Trade in Endangered Species of Wild Fauna and Flora (TIAS 8249, July 1, 1975) (CITES) (50 CFR part 23), NMFS will process the application for activities under its jurisdiction. WPO will issue the final document by means of a combination ESA/CITES permit or a letter of denial.

### § 220.53 Other requirements.

Permits issued by NMFS under this subpart shall be administered and comply with the provisions of 50 CFR parts 217 through 227 as appropriate.

## PART 221—DESIGNATED PORTS

AUTHORITY: Endangered Species Act of 1973, sec. 11(f), 87 Stat. 884, Pub. L. 93-205.

### § 221.1 Importation and exportation at designated ports.

Any fish or wildlife (other than shellfish and fishery products which (a) are

not endangered or not threatened species, and (b) are imported for purposes of human or animal consumption or taken in waters under the jurisdiction of the United States or on the high seas for recreational purposes) which is subject to the jurisdiction of the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce and is intended for importation into or exportation from the United States, shall not be imported or exported except at a port or ports designated by the Secretary of the Interior. The Secretary of the Interior may permit the importation or exportation at nondesignated ports in the interest of the health or safety of the fish or wildlife or for other reasons if he deems it appropriate and consistent with the purpose of facilitating enforcement of the Endangered Species Act and reducing the costs thereof. Importers and exporters are advised to see 50 CFR part 14 for importation and exportation requirements and information.

[39 FR 41375, Nov. 27, 1974]

## PART 222—ENDANGERED FISH OR WILDLIFE

### Subpart A—Introduction

#### Sec.

- 222.1 Purpose of regulations.
- 222.2 Scope of regulations.
- 222.3 Definitions.

### Subpart B—Certificates of Exemption for Pre-Act Endangered Species Parts

- 222.11-1 General certificate of exemption requirements.
- 222.11-2 Application renewal procedure.
- 222.11-3 Application renewal requirements.
- 222.11-4 Procedures for issuance of renewals of certificates of exemption.
- 222.11-5 Application for modification of certificate of exemption by holder.
- 222.11-6 Amendment of certificates of exemption.
- 222.11-7 Procedures for suspension, revocation, or modification of certificates of exemption.
- 222.11-8 Purchaser provisions.
- 222.11-9 Duration of certificate of exemption.
- 222.12 Locations covered by certificate of exemption.
- 222.12-1 Certificate of exemption not transferable; exception.

- 222.12-2 Change of address.
- 222.12-3 Certain continuance of business.
- 222.12-4 Change in trade name.
- 222.12-5 State or other law.
- 222.12-6 Right of entry and examination.
- 222.12-7 Records.
- 222.12-8 Record of receipt and disposition.
- 222.12-9 Importation.
- 222.13 Exportation.
- 222.13-1 Procedure by exporter.
- 222.13-2 Action by Customs.
- 222.13-3 Transportation to effect exportation.
- 222.13-4 Burden of proof; presumption.

### Subpart C—Endangered Fish or Wildlife Permits

- 222.21 General permit requirement.
- 222.22 Permits for the incidental taking of endangered species.
- 222.23 Permits for scientific purposes or to enhance the propagation or survival of the affected endangered species.
- 222.24 Procedures for issuance of permits.
- 222.25 Applications for modification of permit by permittee.
- 222.26 Amendment of permits by NMFS.
- 222.27 Procedures for suspension, revocation, or modification of permits.
- 222.28 Possession of permits.

### Subpart D—Special Prohibitions

- 222.31 Approaching humpback whales in Hawaii.
- 222.32 Approaching North Atlantic right whales.
- 222.33 Special prohibitions relating to endangered Steller sea lion protection.

### Subpart E—Incidental Capture of Endangered Sea Turtles

- 222.41 Policy regarding incidental capture of sea turtles.
- 222.42 Special prohibitions relating to leatherback sea turtles.

AUTHORITY: 16 U.S.C. 1531-1543 and 16 U.S.C. 1361 *et seq.*

### Subpart A—Introduction

#### § 222.1 Purpose of regulations.

The regulations contained in this part identify the species or subspecies of fish or wildlife determined to be endangered under either the Endangered Species Conservation Act of 1969 or the Endangered Species Act of 1973, and presently deemed endangered species under the Endangered Species Act of 1973, which are under the jurisdiction of the Secretary of Commerce, and establish procedures and criteria for

## § 222.2

issuance of permits for the taking, importation, exportation, or otherwise prohibited acts, involving endangered fish or wildlife. The regulations of this part implement, in part, the Endangered Species Act of 1973, 87 Stat. 884, Pub. L. 93-205, as amended.

[45 FR 57133, Aug. 27, 1980]

### § 222.2 Scope of regulations.

(a) The regulations of this part apply only to endangered fish or wildlife.

(b) The provisions in this part are in addition to, and are not in lieu of, other regulations of parts 217 through 222 of this chapter which may require a permit or prescribe additional restrictions or conditions for the taking, importation, exportation, and interstate transportation of fish or wildlife. (See also parts 220 and 221 of this chapter.)

[45 FR 57133, Aug. 27, 1980]

### § 222.3 Definitions.

These definitions apply only to § 222.22:

*Adequately covered* means, with respect to species listed pursuant to section 4 of the ESA, that a proposed conservation plan has satisfied the permit issuance criteria under section 10(a)(2)(B) of the ESA for the species covered by the plan and, with respect to unlisted species, that a proposed conservation plan has satisfied the permit issuance criteria under section 10(a)(2)(B) of the ESA that would otherwise apply if the unlisted species covered by the plan were actually listed. For the Services to cover a species under a conservation plan, it must be listed on the section 10(a)(1)(B) permit.

*Changed circumstances* means changes in circumstances affecting a species or geographic area covered by a conservation plan that can reasonably be anticipated by plan developers and NMFS and that can be planned for (e.g., the listing of new species, or a fire or other natural catastrophic event in areas prone to such events).

*Conserved habitat areas* means areas explicitly designated for habitat restoration, acquisition, protection, or other conservation purposes under a conservation plan.

*Conservation plan* means the plan required by section 10(a)(2)(A) of the ESA

## 50 CFR Ch. II (10-1-98 Edition)

that an applicant must submit when applying for an incidental take permit. Conservation plans also are known as "habitat conservation plans" or "HCPs."

*Operating conservation program* means those conservation management activities which are expressly agreed upon and described in a conservation plan or its Implementing Agreement, if any, and which are to be undertaken for the affected species when implementing an approved conservation plan, including measures to respond to changed circumstances.

*Properly implemented conservation plan* means any conservation plan, Implementing Agreement and permit whose commitments and provisions have been or are being fully implemented by the permittee.

*Unforeseen circumstances* means changes in circumstances affecting a species or geographic area covered by a conservation plan that could not reasonably have been anticipated by plan developers and NMFS at the time of the conservation plan's negotiation and development, and that result in a substantial and adverse change in the status of the covered species.

[63 FR 8872, Feb. 23, 1998]

## Subpart B—Certificates of Exemption for Pre-Act Endangered Species Parts

SOURCE: 45 FR 57134, Aug. 27, 1980, unless otherwise noted.

### § 222.11-1 General certificate of exemption requirements.

(a) The Assistant Administrator, pursuant to the provisions of the Endangered Species Act, and pursuant to the provisions of this paragraph, may exempt any pre-Act endangered species part from one or more of the following:

(1) The prohibition, as set forth in section 9(a)(1)(A) of the Act, to export any such species part from the United States;

(2) The prohibitions, as set forth in section 9(a)(1)(E) of the Act, to deliver, receive, carry, transport, or ship in interstate or foreign commerce, by any means whatsoever and in the course of

a commercial activity any such species part;

(3) The prohibitions, as set forth in section 9(a)(1)(F) of the Act, to sell or offer for sale in interstate or foreign commerce any such species part.

(b) No person shall engage in any of the above activities involving any pre-Act endangered species part without a valid certificate of exemption, or evidence of a right thereunder, issued pursuant to this subpart B.

(c) After January 31, 1984, no person may export; deliver, receive, carry, transport or ship in interstate or foreign commerce in the course of a commercial activity; or sell or offer for sale in interstate or foreign commerce any pre-Act finished scrimshaw product unless that person has been issued a valid certificate of exemption and the product or the raw material for such product was held by such certificate holder on October 13, 1982.

[45 FR 57134, Aug. 27, 1980, as amended at 50 FR 12808, Apr. 1, 1985]

#### § 222.11-2 Application renewal procedure.

(a) Any person to whom a certificate of exemption has been issued by the National Marine Fisheries Service and who desires to obtain a renewal of such certificate of exemption may make application therefor to the Assistant Administrator. The sufficiency of the application shall be determined by the Assistant Administrator in accordance with the requirements of this part and, in that connection, he may waive any requirement for information, or require any elaboration for further information deemed necessary.

(b) One copy of a completed application for renewal shall be submitted to the Assistant Administrator for Fisheries, National Marine Fisheries Service, Washington, DC 20235.

(c) The outside of the envelope should be marked, ATTENTION: Enforcement Division, "Certificate of Exemption Request." Assistance may be obtained by writing or calling the Enforcement Division, NMFS, in Washington, DC (AC 202, 634-7265). At least 15 days should be allowed for processing. An application for a certificate of exemption shall provide the information contained in § 222.11-3 (when the informa-

tion requested is not applicable, put "N.A.") and such other information that the Assistant Administrator may require.

[45 FR 57134, Aug. 27, 1980]

#### § 222.11-3 Application renewal requirements.

(a) The following information will be used as the basis for determining whether an application for renewal of a certificate of exemption is complete:

(1) Title: Application for Renewal of Certificate of Exemption Under Pub. L. 97-304.

(2) The date of application.

(3) The identity of the applicant including complete name, original certificate of exemption number, current address, and telephone number, including zip and area codes. If the applicant is a corporation, partnership, or association set forth the details.

(4) The period of time for which a renewal of the certificate of exemption is requested; however, no renewal of certificate of exemption, or right claimed thereunder, shall be effective after the close of the three-year period beginning on the date of the expiration of the previous renewal of the certificate of exemption.

(5)(i) A complete and detailed updated inventory of all pre-Act endangered species parts for which the applicant seeks exemption. Each item on the inventory must be identified by the following information: a unique serial number; the weight of the item in grams, to the nearest whole gram; and a description in detail sufficient to permit ready identification of the item. Small lots, not exceeding five pounds (2,270 grams), of scraps or raw material, which may include or consist of one or more whole raw whale teeth, may be identified by a single serial number and total weight. All finished scrimshaw items subsequently made from a given lot of scrap may be identified by the lot serial number plus additional digits to signify the piece number of the individual finished item. Identification numbers will be in the following format: 00-000000-0000. The first two digits will be the last two digits of the appropriate certificate of exemption number; the next six digits, the serial number of the individual piece or lot of scrap or

#### § 222.11-4

raw material; and the last four digits, where applicable, the piece number of an item made from a lot of scrap or raw material. The serial numbers for each certificate holder's inventory must begin with 000001, and piece numbers, where applicable, must begin with 0001 for each separate lot.

(ii) Identification numbers may be affixed to inventory items by any means, including, but not limited to, etching the number into the item, attaching a label or tag bearing the number to the item, or sealing the item in a plastic bag, wrapper or other container bearing the number. Provided that, the number must remain affixed to the item until it is sold to an ultimate user, as defined in §222.11-8(b) of this part.

(iii) No renewals will be issued for scrimshaw products in excess of any quantities declared in the original application for a certificate of exemption.

(6) A certification in the following language:

I hereby certify that the foregoing information is complete, true, and correct to the best of my knowledge and belief. I understand that this information is submitted for the purpose of obtaining a renewal of my certificate of exemption under the Endangered Species Act of 1973, as amended by Pub. L. 94-359, 90 Stat. 911, Pub. L. 96-159, 93 Stat. 1225, Pub. L. 97-304, 95 Stat. 715, and the Department of Commerce regulations issued thereunder, and that any false statement may subject me to the criminal penalties of 18 U.S.C. 1001, or to the penalties under the Endangered Species Act of 1973.

(7) Signature of the applicant.

(b) Upon receipt of an incomplete or improperly executed application for renewal, the applicant shall be notified by Certified Mail of the deficiency in the application for renewal. If the application for renewal is not corrected and received by the Assistant Administrator within 30 days following the date of receipt of notification, the application for renewal shall be considered as having been abandoned.

[45 FR 57134, Aug. 27, 1980, as amended at 50 FR 12808, Apr. 1, 1985]

#### § 222.11-4 Procedures for issuance of renewals of certificates of exemption.

Whenever application for a renewal of a certificate of exemption is received

#### 50 CFR Ch. II (10-1-98 Edition)

by the Assistant Administrator which the Assistant Administrator deems sufficient, he shall, as soon as practicable, issue a certificate of renewal to the applicant.

#### § 222.11-5 Application for modification of certificate of exemption by holder.

Where circumstances have changed so that an applicant or certificate of exemption holder desires to have any material term or condition of his application or certificate modified, he must submit in writing full justification and supporting information in conformance with the provisions of this part.

#### § 222.11-6 Amendment of certificates of exemption.

All certificates are issued subject to the condition that the Assistant Administrator reserves the right to amend the provisions of a certificate of exemption for just cause at any time. Such amendments take effect on the date of notification, unless otherwise specified.

#### § 222.11-7 Procedures for suspension, revocation, or modification of certificates of exemption.

Any violation of the applicable provisions of parts 217 through 222 of this chapter, or of the Act, or of a condition of the certificate of exemption may subject the certificate holder to the following:

(a) The penalties provided in the Act; and

(b) Suspension, revocation, or modification of the certificate of exemption, as provided in subpart D of 15 CFR part 904.

[49 FR 1042, Jan. 6, 1984]

#### § 222.11-8 Purchaser provisions.

(a) Any person granted a certificate of exemption, including a renewal, under this subpart, upon a sale of any exempted pre-Act endangered species part, must provide the purchaser in writing with a description (including full identification number) of the part sold, and must inform the purchaser in writing of the purchaser's obligation

under paragraph (b) of this section, including the address given in the certificate to which the purchaser's report is to be sent.

(b) Any purchaser of pre-Act endangered species parts included in a valid certificate of exemption, unless an ultimate user, must within 30 days after the receipt of such parts submit a written report to the address given in the certificate specifying the quantity of such parts or products received, the name and address of the seller, a copy of the invoice or other document showing the serial numbers, weight, and descriptions of the parts or products received, the date on which such parts or products were received, and the intended use of such parts by the purchaser. An ultimate user, for purposes of this paragraph, means any person who acquired such endangered species part or product for his own consumption or personal use (including as gifts), and not for resale.

(c) After January 31, 1984, no purchaser may export; deliver, receive, carry or transport in interstate or foreign commerce in the course of a commercial activity; or sell or offer for sale in interstate or foreign commerce any endangered species part or product even though such part or product was acquired under a certificate of exemption either prior to or subsequent to that date.

[50 FR 12808, Apr. 1, 1985]

**§ 222.11-9 Duration of certificate of exemption.**

A certificate of exemption is valid only if renewed in accordance with the procedures set forth in § 222.11-3 of this part. All certificates so renewed will be valid for a period beginning April 1, 1985, and ending no later than March 31, 1988. A renewed certificate of exemption entitles the holder to engage in the business or activity specified in the certificate of exemption, within the limitations of the Act and the regulations contained in this subpart, for the period stated in the certificate of exemption, unless sooner terminated.

[50 FR 12808, Apr. 1, 1985, as amended at 50 FR 25713, June 21, 1985]

**§ 222.12 Locations covered by certificate of exemption.**

The certificate of exemption covers the business or activity specified in the certificate of exemption at the address described therein. No certificate of exemption is required to cover a separate warehouse facility used by the certificate of exemption holder solely for storage of pre-Act endangered species parts, if the records required by this subpart are maintained at the address specified in the certificate of exemption which is served by the warehouse or storage facility.

[50 FR 12809, Apr. 1, 1985]

**§ 222.12-1 Certificate of exemption not transferable; exception.**

Certificates of exemption issued under this subpart are not transferable: *Provided*, That in the event of the lease, sale or other transfer of the operations or activity authorized by the certificate of exemption the successor is not required by this subpart to obtain a new certificate of exemption prior to commencing such operations or activity. In such case, the successor will be treated as a purchaser and must comply with the record and reporting requirements set forth in § 222.11-8.

[45 FR 57134, Aug. 27, 1980, as amended at 50 FR 12809, Apr. 1, 1985]

**§ 222.12-2 Change of address.**

A certificate of exemption holder may during the term of the certificate of exemption move his business or activity to a new location at which he intends regularly to carry on such business or activity, without obtaining a new certificate of exemption. However, in every case, notification of the new location of the business or activity must be given in writing within 10 days of such move to the Assistant Administrator. In each instance, the certificate of exemption must be endorsed by the Assistant Administrator. After endorsement of the certificate of exemption the Assistant Administrator will provide an amended certificate of exemption to the person to whom issued.

## § 222.12-3

## 50 CFR Ch. II (10-1-98 Edition)

### § 222.12-3 Certain continuance of business.

A certificate of exemption holder who requests that his certificate of exemption be amended by the Assistant Administrator for corrections or endorsement in compliance with the provisions contained in this subpart, may continue his operations while awaiting action by the Assistant Administrator.

### § 222.12-4 Change in trade name.

A certificate holder continuing to conduct business at the location shown on his certificate of exemption is not required to obtain a new certificate of exemption by reason of a change in trade name under which he conducts his business: *Provided*, That such certificate of exemption holder requests in writing that his certificate of exemption be endorsed to reflect such change of name to the Assistant Administrator within 30 days from the date the certificate of exemption holder begins his business under the new name.

### § 222.12-5 State or other law.

A certificate of exemption issued under this subpart confers no right or privilege to conduct a business or an activity contrary to State or other law. Similarly, compliance with the provisions of any State or other law affords no immunity under any Federal laws or regulations of any other Federal Agency.

### § 222.12-6 Right of entry and examination.

Any person authorized to enforce the Act may enter during business hours the premises, including places of storage, of any holder of a certificate of exemption or of any purchaser for the purpose of inspecting or examining any records or documents required to be kept by such certificate of exemption holder or successor under this subpart, and any endangered species parts at such premises of location.

[45 FR 57134, Aug. 27, 1980, as amended at 50 FR 12809, Apr. 1, 1985]

### § 222.12-7 Records.

The records pertaining to pre-Act endangered species parts prescribed by this subpart shall be in permanent

form, and shall be retained at the address shown on the certificate of exemption, or at the principal address of a purchaser in the manner prescribed by this subpart.

[45 FR 57134, Aug. 27, 1980, as amended at 50 FR 12809, Apr. 1, 1985]

### § 222.12-8 Record of receipt and disposition.

(a) Holders of certificates of exemption must maintain records of all pre-Act endangered species parts they receive, sell, transfer, distribute or dispose of otherwise. Purchasers of pre-Act endangered species parts, unless ultimate users, must similarly maintain records of all such parts or products they receive.

(b) Such records as referred to in paragraph (a) of this section may consist of invoices or other commercial records which must be filed in an orderly manner separate from other commercial records maintained, and be readily available for inspection. Such records must (1) show the name and address of the purchaser, seller, or other transferor; (2) show the type, quantity, and identity of the part or product; (3) show the date of such sale or transfer; and (4) be retained, in accordance with the requirements of this subpart, for a period of not less than three years following the date of sale or transfer. Each pre-Act endangered species part will be identified by its number on the updated inventory required to renew a certificate of exemption.

(c)(1) Each certificate of exemption holder must submit a quarterly report (to the address given in the certificate) containing all record information required by paragraph (b) on all transfers of pre-Act endangered species parts made in the previous calendar quarter, or such other record information the Assistant Administrator may specify from time to time.

(2) Quarterly reports are due on January 15, April 15, July 15, and October 15. The first report is due on October 15, 1985.

(d) The Assistant Administrator may authorize the record information to be submitted in a manner other than that prescribed in paragraph (b) of this section when it is shown by the record

holder that an alternate method of reporting is reasonably necessary and will not hinder the effective administration or enforcement of this subpart.

[45 FR 57134, Aug. 27, 1980, as amended at 50 FR 12809, Apr. 1, 1985]

#### § 222.12-9 Importation.

No pre-Act endangered species part shall be imported into the United States, and a certificate of exemption issued in accordance with the provisions of this subpart confers no right or privilege to import into the United States any such part.

#### § 222.13 Exportation.

(a) Any person desiring to export from the United States any pre-Act endangered species part or scrimshaw product, must possess a valid certificate of exemption issued in accordance with the provisions of this subpart.

(b) In addition to other information, which may be required by this subpart, the exporter will notify the Assistant Administrator by letter which shall show the name and address of the foreign consignee, the intended port of exportation, and a complete description of the parts to be exported. Such information should reach the Assistant Administrator not less than 10 days prior to shipment.

(c) No pre-Act endangered species part or scrimshaw product which is to be exported from the United States under a certificate of exemption issued therefor, shall be exported except at a port or ports designated by the Secretary of the Interior. The Secretary of the Interior may permit the exportation at non-designated ports for any reason if he deems it appropriate and consistent with the purposes of the Endangered Species Act, as amended, or it will facilitate the administration or enforcement of the Act and reducing the costs thereof. Exporters are advised to see 50 CFR part 14 for a listing of the designated ports.

#### § 222.13-1 Procedure by exporter.

Shipment may not be made until the requirements of § 222.13 are met by the exporter. A copy of the certificate of exemption, and any endorsements thereto, must be sent by the exporter to the District Director of Customs at

the port of exportation, and must precede or accompany the shipment in order to permit appropriate inspection prior to lading.

#### § 222.13-2 Action by Customs.

Upon receipt of a certificate of exemption authorizing the exportation of pre-Act endangered species parts or scrimshaw products, the District Director of Customs may order such inspection as deemed necessary prior to lading of the merchandise. If satisfied that the shipment is proper and agrees with the information contained in the certificate, and any endorsement thereto, the District Director of Customs will clear the merchandise for export. The certificate, and any endorsements, will be forwarded to the Chief, Enforcement Division, F/CM5 National Marine Fisheries Service, Washington, DC 20235.

#### § 222.13-3 Transportation to effect exportation.

Notwithstanding any provision of this subpart, it shall not be required that authorization be obtained from the Assistant Administrator for the transportation in interstate or foreign commerce of pre-Act endangered species parts to effect an exportation of such parts authorized under the provisions of this subpart.

#### § 222.13-4 Burden of proof; presumption.

Any person claiming the benefit of any exemption or certificate of exemption under the Act or regulations, shall have the burden of proving that the exemption or certificate is applicable, has been granted, and was valid and in force at the time of the alleged violation.

### Subpart C—Endangered Fish or Wildlife Permits

SOURCE: 39 FR 41375, Nov. 27, 1974, unless otherwise noted.

#### § 222.21 General permit requirement.

No person shall take, import, export, or engage in any other prohibited activity involving, any species or subspecies of fish or wildlife which the Secretary has determined to be endangered under the Endangered Species

## § 222.22

## 50 CFR Ch. II (10-1-98 Edition)

Act of 1973, as evidenced by its inclusion on the list of endangered fish or wildlife (see 50 CFR chapter I, part 17) or which the Secretary of the Interior determined to be endangered under the Endangered Species Conservation Act of 1969 and which are now under the jurisdictional responsibilities of the Secretary of Commerce, without a valid permit issued pursuant to this part.

(Pub. L. 94-359)

[41 FR 36028, Aug. 26, 1976]

### § 222.22 Permits for the incidental taking of endangered species.

(a) *Scope.* (1) The Assistant Administrator may issue permits to take endangered marine species incidentally to an otherwise lawful activity under section 10(a)(1)(B) of the Endangered Species Act of 1973. The regulations in this section apply only to those endangered species under the jurisdiction of the Secretary of Commerce identified in § 222.23(a).

(2) If the applicant represents an individual or a single entity, such as a corporation, the Assistant Administrator will issue an individual incidental take permit. If the applicant represents a group or organization whose members conduct the same or a similar activity in the same geographical area with similar impacts on endangered marine species, the Assistant Administrator will issue a general incidental take permit. To be covered by a general incidental take permit, each individual conducting the activity must have a certificate of inclusion issued under paragraph (f) of this section.

(b) *Permit application procedures.* Applications should be sent to the Assistant Administrator for Fisheries, National Marine Fisheries Service, 1335 East West Highway, Silver Spring, MD 20910. The sufficiency of the application will be determined by the Assistant Administrator in accordance with the requirements of this section. At least 120 days should be allowed for processing. Each application must be signed and dated and include the following:

(1) The type of application, either:

(i) Application for an Individual Incidental Take Permit under the Endangered Species Act of 1973, or

(ii) Application for a General Incidental Take Permit under the Endangered Species Act of 1973.

(2) The name, address and telephone number of the applicant. If the applicant is a partnership, corporate entity or is representing a group or organization, the applicable details.

(3) The species or stocks, by common and scientific name, and a description of the status, distribution, seasonal distribution, habitat needs, feeding habits and other biological requirements of the affected species or stocks.

(4) A detailed description of the proposed activity, including the anticipated dates, duration and specific location. If the request is for a general incidental take permit, an estimate of the total level of activity expected to be conducted.

(5) A conservation plan, based on the best scientific and commercial data available, which specifies

(i) The anticipated impact (*i.e.*, amount, extent and type of anticipated taking) of the proposed activity on the species or stocks;

(ii) The anticipated impact of the proposed activity on the habitat of the species or stocks and the likelihood of restoration of the affected habitat;

(iii) The steps (specialized equipment, methods of conducting activities, or other means) that will be taken to monitor, minimize and mitigate such impacts, and the funding available to implement such measures; and

(iv) The alternative actions to such taking that were considered and the reasons why those alternatives are not being used.

(v) A list of all sources of data used in preparation of the plan, including reference reports, environmental assessments and impact statements, and personal communications with recognized experts on the species or activity who may have access to data not published in current literature.

(c) *Issuance criteria.* (1) In determining whether to issue a permit, the Assistant Administrator will consider the following:

(i) The status of the affected species or stocks;

(ii) The potential severity of direct, indirect and cumulative impacts on the

species or stocks and habitat as a result of the proposed activity;

(iii) The availability of effective monitoring techniques;

(iv) The use of the best available technology for minimizing or mitigating impacts; and

(v) The views of the public, scientists and other interested parties knowledgeable of the species or stocks or other matters related to the application.

(2) To issue the permit, the Assistant Administrator must find that:

(i) The taking will be incidental;

(ii) The applicant will, to the maximum extent practicable, monitor, minimize and mitigate the impacts of such taking;

(iii) The taking will not appreciably reduce the likelihood of the survival and recovery of the species in the wild;

(iv) The applicant has amended the conservation plan to include any measures (not originally proposed by the applicant) that the Assistant Administrator determines are necessary or appropriate; and

(v) There are adequate assurances that the conservation plan will be funded and implemented, including any measures required by the Assistant Administrator.

(d) *Permit conditions.* In addition to the general conditions set forth in part 220 of this chapter, every permit issued under this section will contain such terms and conditions as the Assistant Administrator deems necessary and appropriate, including, but not limited to the following:

(1) Reporting requirements or rights of inspection for determining whether the terms and conditions are being complied with;

(2) The species and number of animals covered;

(3) The authorized method of taking;

(4) The procedures to be used to handle or dispose of any animals taken; and

(5) The payment of a fee to reimburse the National Marine Fisheries Service the cost of processing the application.

(e) *Duration of permits.* The duration of permits issued under this section will be such as to provide adequate assurances to the permit holder to commit funding necessary for the activities

authorized by the permit, including conservation activities. In determining the duration of a permit, the Assistant Administrator will consider the duration of the proposed activities, as well as the possible positive and negative effects associated with issuing a permit of the proposed duration on listed species, including the extent to which the conservation plan is likely to enhance the habitat of the endangered species or increase the long-term survivability of the species.

(f) *Certificates of inclusion.* (1) Any individual who wishes to conduct an activity covered by a general incidental take permit must apply to the Assistant Administrator for a certificate of inclusion. Each application must be signed and dated and include the following:

(i) The general incidental take permit under which the applicant wants coverage.

(ii) The name, address and telephone number of the applicant. If the applicant is a partnership or a corporate entity, the applicable details.

(iii) A description of the activity the applicant seeks to have covered under the general incidental take permit including the anticipated dates, duration, and specific location; and

(iv) A signed certification that the applicant has read and understands the general incidental take permit and the conservation plan, will comply with their terms and conditions, and will fund and implement applicable measures of the conservation plan.

(2) To issue a certificate of inclusion, the Assistant Administrator must find that:

(i) The applicant will be engaged in the activity covered by the general permit and

(ii) The applicant has made adequate assurances that the applicable measures of the conservation plan will be funded and implemented.

(g) *Assurances provided to permittee in case of changed or unforeseen circumstances.* The assurances in this paragraph (g) apply only to incidental take permits issued in accordance with paragraph (c) of this section where the conservation plan is being properly implemented, and apply only with respect to species adequately covered by the

conservation plan. These assurances cannot be provided to Federal agencies. This rule does not apply to incidental take permits issued prior to March 25, 1998. The assurances provided in incidental take permits issued prior to March 25, 1998 remain in effect, and those permits will not be revised as a result of this rulemaking.

(1) *Changed circumstances provided for in the plan.* If additional conservation and mitigation measures are deemed necessary to respond to changed circumstances and were provided for in the plan's operating conservation program, the permittee will implement the measures specified in the plan.

(2) *Changed circumstances not provided for in the plan.* If additional conservation and mitigation measures are deemed necessary to respond to changed circumstances and such measures were not provided for in the plan's operating conservation program, NMFS will not require any conservation and mitigation measures in addition to those provided for in the plan without the consent of the permittee, provided the plan is being properly implemented.

(3) *Unforeseen circumstances.* (i) In negotiating unforeseen circumstances, NMFS will not require the commitment of additional land, water, or financial compensation or additional restrictions on the use of land, water, or other natural resources beyond the level otherwise agreed upon for the species covered by the conservation plan without the consent of the permittee.

(ii) If additional conservation and mitigation measures are deemed necessary to respond to unforeseen circumstances, NMFS may require additional measures of the permittee where the conservation plan is being properly implemented, but only if such measures are limited to modifications within conserved habitat areas, if any, or to the conservation plan's operating conservation program for the affected species, and maintain the original terms of the conservation plan to the maximum extent possible. Additional conservation and mitigation measures will not involve the commitment of additional land, water or financial compensation or additional restrictions on the use of land, water, or other natural

resources otherwise available for development or use under the original terms of the conservation plan without the consent of the permittee.

(iii) NMFS will have the burden of demonstrating that unforeseen circumstances exist, using the best scientific and commercial data available. These findings must be clearly documented and based upon reliable technical information regarding the status and habitat requirements of the affected species. NMFS will consider, but not be limited to, the following factors:

(A) Size of the current range of the affected species;

(B) Percentage of range adversely affected by the conservation plan;

(C) Percentage of range conserved by the conservation plan;

(D) Ecological significance of that portion of the range affected by the conservation plan;

(E) Level of knowledge about the affected species and the degree of specificity of the species' conservation program under the conservation plan; and

(F) Whether failure to adopt additional conservation measures would appreciably reduce the likelihood of survival and recovery of the affected species in the wild.

(h) Nothing in this rule will be construed to limit or constrain the Assistant Administrator, any Federal, State, local, or tribal government agency, or a private entity, from taking additional actions at its own expense to protect or conserve a species included in a conservation plan.

[55 FR 20606, May 18, 1990, as amended at 63 FR 8872, Feb. 23, 1998]

**§ 222.23 Permits for scientific purposes or to enhance the propagation or survival of the affected endangered species.**

(a) The Director, National Marine Fisheries Service, may issue permits for scientific purposes or to enhance the propagation or survival of the affected endangered species which authorize, under such terms and conditions as he may prescribe, taking, importation, or certain other acts with respect to endangered species otherwise prohibited by section 9 of the Endangered Species Act of 1973. The

species listed as endangered under either the Endangered Species Conservation Act of 1969 or the Endangered Species Act of 1973 and currently under the jurisdiction of the Secretary of Commerce are: Shortnose sturgeon (*Acipenser brevirostrum*); Totoaba (*Cynoscion macdonaldi*), Snake River sockeye salmon (*Oncorhynchus nerka*), Umpqua River cutthroat trout (*Oncorhynchus clarki clarki*); Southern California steelhead (*Oncorhynchus mykiss*), which includes all naturally spawned populations of steelhead (and their progeny) in streams from the Santa Maria River, San Luis Obispo County, California (inclusive) to Malibu Creek, Los Angeles County, California (inclusive); Upper Columbia River steelhead (*Oncorhynchus mykiss*), which includes the Wells Hatchery stock and all naturally spawned populations of steelhead (and their progeny) in streams in the Columbia River Basin upstream from the Yakima River, Washington, to the United States-Canada Border; Sacramento River winter-run chinook salmon (*Oncorhynchus tshawytscha*); Western North Pacific (Korean) gray whale (*Eschrichtius robustus*), Blue whale (*Balaenoptera musculus*), Humpback whale (*Megaptera novaeangliae*), Bowhead whale (*Balaenamysticetus*), Right whales (*Eubalaena* spp.), Fin or finback whale (*Balaenoptera physalus*), Sei whale (*Balaenoptera borealis*), Sperm whale (*Physeter catodon*), Cochito (*Phocoena sinus*), Chinese river dolphin (*Lipotes vexillifer*), Indus River dolphin (*Platanista minor*); Caribbean monk seal (*Monachus tropicalis*), Hawaiian monk seal (*Monachus schauinslandi*); Mediterranean monk seal (*Monachus monachus*); Saimaa seal (*Phoca hispida saimensis*); Steller sea lion (*Eumetopias jubatus*), western population, which consists of Steller sea lions from breeding colonies located west of 144° W. long.; Leatherback sea turtle (*Dermochelys coriacea*), Pacific hawksbill sea turtle (*Eretmochelys imbricata*), Atlantic hawksbill sea turtle (*Eretmochelys imbricata*), Atlantic ridley sea turtle (*Lepidochelys kempi*), Green sea turtle (*Chelonia mydas*) breeding colony populations in Florida and on the Pacific coast of Mexico, and the olive ridley

sea turtle (*Lepidochelys olivacea*) breeding colony population on the Pacific coast of Mexico. Of these, the National Marine Fisheries Service has sole agency jurisdiction for sea turtles while the turtles are in the water and the U.S. Fish and Wildlife Service has jurisdiction for sea turtles while the turtles are on land. Within the jurisdiction of a State, more restrictive State laws or regulations in regard to endangered species shall prevail in regard to taking. Proof of compliance with applicable State laws will be required before a permit will be issued.

(b) *Application procedures.* To obtain such a permit, an application must be made to the Director in accordance with this subpart, except for marine mammal permits which shall be issued in accordance with the provisions of part 216, subpart D of this chapter, and sea turtle permits which shall be issued in accordance with part 220, subpart E of this chapter. The sufficiency of the application shall be determined by the Director in accordance with the requirements of this part and, in that connection, he may waive any requirement for information, or require any elaboration or further information deemed necessary. The following information will be used as the basis for determining whether an application is complete and whether a permit for scientific purposes or to enhance the propagation or survival of the affected endangered species should be issued by the Director. An original and four copies of the completed application shall be submitted to the Director, National Marine Fisheries Service, National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce, Washington, DC 20235. Assistance may be obtained by writing the Director or calling the Marine Mammal and Endangered Species Division in Washington, DC (202-343-9445 and effective December 2, 1974, it will become 202-634-7529). At least 45 days should be allowed for processing. An application for a permit shall provide the following information (when the information requested is not applicable put "N.A.") and such other information that the Director may require:

(1) Title: As applicable, either:

(i) Application for Permit for Scientific Purposes under the Endangered Species Act of 1973; or

(ii) Application for Permit to Enhance the Propagation or Survival of the Endangered Species Under the Endangered Species Act of 1973.

(2) The date of the application.

(3) The identity of the applicant including complete name, address, and telephone number. If the applicant is a partnership or a corporate entity set forth the details. If the endangered species is to be utilized by a person other than the Applicant, set forth the name of that person and such other information as would be required if such person were an Applicant.

(4) A description of the purpose of the proposed acts, including:

(i) A detailed justification of the need for the endangered species, including a discussion of possible alternatives, whether or not under the control of the applicant; and

(ii) A detailed description of how the species will be used.

(5) A detailed description of the project, or program, in which the endangered species is to be used, including:

(i) The period of time over which the project or program will be conducted;

(ii) A list of the names and addresses of the sponsors or cooperating institutions and the scientists involved;

(iii) A copy of the formal research proposal or contract if one has been prepared;

(iv) A statement of whether the proposed project or program has broader significance than the individual researcher's goals (i.e., does the proposed project or program respond directly or indirectly to recommendation of any national or international scientific body charged with research or management of the endangered species, and, if so, how?); and

(v) A description of the arrangements, if any, for the disposition of any dead specimen or its skeleton or other remains, for the continued benefit to science, in a museum or other institutional collection.

(6) A description of the endangered species which is the subject of the application, including the following:

(i) A list of each species and the number of each, including the common and

scientific name; the subspecies (if applicable); population group, and range;

(ii) A physical description of each animal, including the age, size, and sex;

(iii) A list of the probable dates of capture or other taking, importation, exportation, and other acts which require a permit, for each animal, and the location of capture or other taking, importation, exportation, and other acts which require a permit, as specifically as possible;

(iv) A description of the status of the stock of each species related insofar as possible to the location or area of taking;

(v) A description of the manner of taking for each animal, including the gear to be used;

(vi) The name and qualifications of the persons or entity which will capture or otherwise take the animals;

(vii) If the capture or other taking is to be done by a contractor, a statement as to whether a qualified member of your staff (include name(s) and qualifications) will supervise or observe the capture or other taking. Accompany such statement with a copy of the proposed contract or a letter from the contractor indicating agreement to capture or otherwise taken the animals, should a permit be granted;

(7) A description of the manner of transportation of any live animal taken, imported, exported, or shipped in interstate commerce, including:

(i) Mode of transportation;

(ii) Name of transportation company;

(iii) Length of time in transit for the transfer of the animal(s) from the capture site to the holding facility;

(iv) Length of time in transit for any future move or transfer of the animal(s) that is planned;

(v) The qualifications of the common carrier or agent used for transportation of the animals;

(vi) A description of the pen, tank, container, cage, cradle, or other devices used, both to hold the animal at the capture site and during transportation;

(vii) Special care before and during transportation, such as salves, antibiotics, moisture; and

(viii) A statement as to whether the animals will be accompanied by a veterinarian or other similarly qualified person, and the qualifications of such person.

(8) Describe the contemplated care and maintenance of any live animals sought, including a complete description of the facilities where any such animals will be maintained including:

(i) The dimensions of the pools or other holding facilities and the number, sex, and age of animals by species to be held in each;

(ii) The water supply, amount, and quality;

(iii) The diet, amount and type, for all animals;

(iv) Sanitation practices used;

(v) Qualifications and experience of the staff; and

(vi) A written certification from a licensed veterinarian knowledgeable about the species (or related species) or group which is the subject of the application, or from a recognized expert on the species (or related species) or group covered in the application that he has personally reviewed the amendments for transporting and maintaining the animal(s) and that in his opinion they are adequate to provide for the well-being of the animal; and

(vii) The availability in the future of a consulting expert or veterinarian meeting paragraph (b)(8)(vi) requirements of this section;

(9) A statement of willingness to participate in a cooperative breeding program and maintain or contribute data to a stud book.

(10) A statement of how the applicant's proposed project or program will enhance or benefit the wild population.

(11) For the 5 years preceding the date of this application, provide a detailed description of all mortalities involving species which were under the control of or utilized by the applicant and are either presently listed as endangered species or are taxonomically related within the Order to the species which is the subject of this application, including:

(i) A list of all endangered species and species related to the species which is the subject of this application; captured, transported, maintained, or utilized by the applicant for scientific

purposes or to enhance the propagation or survival of the affected species, and/or for all such species caused to be captured, transported, maintained, or utilized for scientific purposes or to enhance the propagation or survival of the affected species, by the Applicant;

(ii) The numbers of mortalities among such animals by species, by date, location of capture, i.e., from which population, and location of such mortalities;

(iii) The cause(s) of any such mortalities; and

(iv) The steps which have been taken by Applicant to avoid or decrease any such mortalities.

(12) A certification in the following language:

I hereby certify that the foregoing information is complete, true and correct to the best of my knowledge and belief. I understand that this information is submitted for the purpose of obtaining a permit under the Endangered Species Act of 1973 (87 Stat. 864, Pub. L. 93-205, 16 U.S.C. 1531 et seq.) and regulations promulgated thereunder, and that any false statement may subject me to the criminal penalties of 18 U.S.C. 1001, or to penalties under the Endangered Species Act of 1973.

(13) The applicant and/or an officer thereof must sign the application.

(c) *Issuance criteria.* The Director shall specifically consider, among other criteria, the following in determining whether to issue a permit for scientific purposes or to enhance the propagation or survival of the affected endangered species:

(1) Whether the permit was applied for in good faith;

(2) Whether the permit if granted and exercised will not operate to the disadvantage of the endangered species;

(3) Whether the permit would be consistent with the purposes and policy set forth in section 2 of the Act;

(4) Whether the permit would further a bona fide and necessary or desirable scientific purpose or enhance the propagation or survival of the endangered species, taking into account the benefits anticipated to be derived on behalf of the endangered species;

(5) The status of the population of the requested species, and the effect of the proposed action on the population, both direct and indirect;

## § 222.24

(6) If a live animal is to be taken, transported, or held in captivity—the applicant's qualifications for the proper care and maintenance of the species and the adequacy of his facilities;

(7) Whether alternative non-endangered species or population stocks can and should be used;

(8) Whether the animal was born in captivity or was (or will be) taken from the wild;

(9) Provision for disposition of the species if and when the applicant's project or program terminates;

(10) How the applicant's needs, program, and facilities compare and relate to proposed and ongoing projects and programs;

(11) Whether the expertise, facilities, or other resources available to the applicant appear adequate to successfully accomplish the objectives stated in the application;

(12) Opinions or views of scientists or other persons or organizations knowledgeable of the species which is the subject of the application or of other matters germane to the application; and

(d) Permits applied for under this section shall contain terms and conditions as the Director may deem appropriate, including:

(1) The number and kind of species which are covered;

(2) The location and manner of taking;

(3) Port of entry or export;

(4) The methods of transportation, care and maintenance to be used with live species;

(5) Any requirements for reports or rights of inspections with respect to any activities carried out pursuant to the permit;

(6) The transferability or assignability of the permit;

(7) The sale or other disposition of the species, its progeny or the species product;

(8) A reasonable fee covering the costs of issuance of such permit, including reasonable inspections and an appropriate apportionment of overhead and administrative expenses of the Department of Commerce. All such fees will be deposited in the Treasury to the credit of the appropriation which is

## 50 CFR Ch. II (10-1-98 Edition)

current and chargeable for the cost of furnishing the service.

[39 FR 41375, Nov. 27, 1974]

EDITORIAL NOTE: For FEDERAL REGISTER citations affecting § 222.23, see the List of CFR Sections Affected in the Finding Aids section of this volume.

### § 222.24 Procedures for issuance of permits.

(a) Whenever application for a permit is received by the Director which the Director deems sufficient, he shall, as soon as practicable, publish a notice thereof in the FEDERAL REGISTER. Information received by the Director as a part of the application shall be available to the public as a matter of public record at every stage of the proceeding. An interested party may within 30 days after the date of publication of such notice, submit to the Director his written data, views, or arguments with respect to the taking, importation, or other action proposed in the application and may request a hearing in connection with the action to be taken thereon.

(b) If a request for a hearing is made within the 30-day period referred to in paragraph (a) of this section, or if the Director determines that a hearing would otherwise be advisable, the Director may, within 60 days after the date of publication of the notice referred to in paragraph (a) of this section, afford to such requesting party or parties an opportunity for a hearing. Such hearing shall also be open to participation by any interested members of the public. Notice of the date, time, and place of such hearing shall be published in the FEDERAL REGISTER not less than 15 days in advance of such hearing. Any interested person may appear in person or through representatives at the hearing and may submit any relevant material, data, views, comments, arguments, or exhibits. A summary record of the hearing shall be kept.

(c) Except as provided in subpart D of 15 CFR part 904, as soon as practicable but not later than 30 days after the close of the hearing (or if no hearing is held, as soon as practicable after the end of the 30 days succeeding publication of the notice referred to in paragraph (a) of this section) the Director

shall issue or deny issuance of the permit. Notice of the decision of the Director shall be published in the FEDERAL REGISTER within 10 days after the date of the issuance or denial and indicate where copies of the permit, if issued, may be obtained.

(d) If a permit is issued, the Director shall publish notice thereof in the FEDERAL REGISTER, including his finding that (1) such permit was applied for in good faith, (2) if granted and exercised will not operate to the disadvantage of such endangered species, and (3) will be consistent with the purposes and policy set forth in section 2 of the Endangered Species Act of 1973. The requirements of this paragraph pertain solely to the permits issued under § 222.23.

(e) The Director may waive the thirty-day period in an emergency situation where the health or life of an endangered animal is threatened and no reasonable alternative is available to the applicant, but notice of any such waiver shall be published by the Director in the FEDERAL REGISTER within ten days following the issuance of the certificate of exemption or permit.

[39 FR 41375, Nov. 27, 1974, as amended at 42 FR 28139, June 2, 1977; 49 FR 1042, Jan. 6, 1984; 55 FR 20607, May 18, 1990]

#### § 222.25 Applications for modification of permit by permittee.

Where circumstances have changed so that an applicant or permittee desires to have any term or condition of his application or permit modified, he must submit in writing full justification and supporting information in conformance with the provisions of this part and the part under which the permit has been issued or requested. Such applications for modification are subject to the same issuance criteria as are original applications, as provided in §§ 222.22(c) and 222.23(c).

[39 FR 41375, Nov. 27, 1974, as amended at 55 FR 20607, May 18, 1990]

#### § 222.26 Amendment of permits by NMFS.

All permits are issued subject to the condition that the National Marine Fisheries Service reserves the right to amend the provisions of a permit for just cause at any time during its term. Such amendments take effect on the

date of notification, unless otherwise specified.

[39 FR 41375, Nov. 27, 1974]

#### § 222.27 Procedures for suspension, revocation, or modification of permits.

Any violation of the applicable provisions of parts 217 through 222 of this chapter, or of the Act, or of a condition of the permit may subject the certificate holder to the following:

(a) The penalties provided in the Act; and

(b) Suspension, revocation, or modification of the permit, as provided in subpart D of 15 CFR part 904.

[49 FR 1043, Jan. 6, 1984, as amended at 55 FR 20607, May 18, 1990]

#### § 222.28 Possession of permits.

(a) Any permit issued under these regulations must be in the possession of the person to whom it is issued (or an agent of such person) during:

(1) The time of the authorized taking, importation, exportation, or other act;

(2) The period of any transit of such person or agent which is incident to such taking, importation, exportation, or other act; and

(3) Any other time while any animal under such permit is in the possession of such person or agent.

(b) A duplicate copy of the issued permit must be physically attached to the tank, container, package, enclosure, or other means of containment, in which the animal is placed for purposes of storage, transit, supervision, or care.

[39 FR 41375, Nov. 27, 1974]

### Subpart D—Special Prohibitions

#### § 222.31 Approaching humpback whales in Hawaii.

Except as provided in subpart C (Endangered Fish or Wildlife Permits) of this part it is unlawful for any person subject to the jurisdiction of the United States to commit, to attempt to commit, to solicit another to commit, or to cause to be committed, within 200 nautical miles (370.4 km) of the Islands of Hawaii, any of the following acts with respect to humpback whales (*Megaptera novaeangliae*):
